

Medway HomeChoice

your home . your choice

Medway HomeChoice is currently undertaking a review in light of the Allocations Policy changing in March 2009.

We sent out letters to everyone registered with Medway HomeChoice in April but a lot of people have not returned their forms.

If you receive a review letter it is important that you check the information held is correct and return it to Medway HomeChoice with any changes clearly marked. It is important that you make sure that all the people you have registered to be rehoused with you are correct, paying special attention to dates of birth and contact phone numbers. If the information is correct please just sign the form and send it back.

If you are sent out a review form and do not return it to Medway HomeChoice your application will be cancelled.

Anyone who returns his or her review form after 15 November 2009 will have to reapply with Medway HomeChoice to be registered for social housing.
